CALL FOR PAPERS

Sixteenth Annual

**Consortium for
Computing Sciences in
Colleges**

**Central Plains
Conference**

**Park
University
Parkville, Missouri**

April 9-10, 2010

<http://www.ccsc.org/centralplains>

In Cooperation With ACM SIGCSE

Conference Locale and Dates

The Sixteenth Annual Consortium for Computing Sciences in Colleges (CCSC) Central Plains Conference will be held at Park University in Parkville, Missouri, on Friday, April 9th, and Saturday, April 10th, 2010.

Conference Purpose

The CCSC Central Plains Conference is designed to promote the exchange of information among high school, college and university personnel concerned with computer use in the academic environment. The conference is intended for faculty and students of computer science and related information technologies and applications, as well as administrators of academic computing facilities.

Professional Papers

We invite professionals to submit papers that will enhance knowledge of academic computing topics. All topics will be considered and those papers that are accepted will be presented at the conference and published in the *Journal of Computing Sciences in Colleges* and the ACM Digital Library.

Papers must be submitted on or before November 30, 2009. Authors should visit the conference website for paper formatting and submission procedures. Contact Phil Heeler (pheeler@nwmissouri.edu) with questions.

Panels and Tutorials

We invite professionals to submit abstracts describing panels and tutorials related to academic computing topics which they believe conference attendees will find timely. All topics will be considered and those abstracts that are accepted will be presented at the conference and published in the conference proceedings.

Panel and tutorial abstracts must be submitted on or before November 30, 2009. Authors should visit the conference website for abstract formatting and submission procedures. Contact Ron McCleary (ron.mccleary@avila.edu) with questions.

“Nifty” Course Assignments

We invite instructors to submit abstracts describing “nifty” course assignments they believe conference attendees will find useful and incorporate in their courses. All topics will be considered and those abstracts that are accepted will be presented at the conference and published in the conference proceedings.

“Nifty” course assignment abstracts must be submitted on or before November 30, 2009. Authors should visit the conference website for abstract formatting and submission procedures. Contact Mahmoud Yousef (yousef@ucmo.edu) with questions.

Student Programming Contest

We invite students to participate in our annual programming contest for cash and prizes. Student teams should visit the conference website for rules and registration procedures, or contact John Cigas (john.cigas@park.edu) for specific contest information.

Student Web Site Contest

We invite students to participate in our annual web site contest for cash and prizes. Interested students or student teams should visit <http://www.studentwebcontest.com/> for rules and registration procedures. Contact Carol Spradling (c_sprad@nwmissouri.edu) or Scott Sigman (ssigman@drury.edu) for further contest information.

Student Poster Contest

We invite students to submit abstracts on any topic in computing for a poster contest to be held at the conference. Interested students should visit the conference website for details and registration procedures, or contact Rick Barker (rick.barker@washburn.edu) for specific information.

**Visit the conference website at
[http://www.ccsc.org/central plains/](http://www.ccsc.org/central_plains/)
for updated information.**

PARK
UNIVERSITYSM

is located just 10 minutes northeast of downtown Kansas City, Mo., and 15 minutes from Kansas City International Airport.

The 700-acre Parkville campus, which sits on a bluff above the Missouri River, is just a few minutes walk from downtown Parkville where visitors can view the beautiful landscape and take advantage of numerous quaint shops and antique stores.
