

The Consortium for Computing Sciences in Colleges
Northwestern Region

In cooperation with

Call For Papers

14th Annual Conference

October 5-6, 2012

PAPER SUBMISSIONS

Papers are peer reviewed and those accepted will appear in *The Journal of Computing Sciences in Colleges*. Papers must be original and not submitted elsewhere for simultaneous review.

Papers are to be a maximum of six single spaced pages and the abstract should be limited to 300 words. For more information see the conference website or contact the Papers Chair, Shereen Khoja (shereen@pacificu.edu). The deadline for paper submissions is

April 13, 2012, electronically at
<http://ccsc.cs.georgefox.edu/nw2012>

PANEL AND TUTORIAL SUBMISSIONS

Tutorial and panel discussion submissions must include a proposal (two page maximum), list of participants, and the addresses, phone number, and email of the contact author. One planned panel we hope to repeat this year is "Nifty Assignments," where instructors discuss their favorite self-authored assignments.

The deadline for panel and tutorial submissions is **April 20, 2012**, electronically at

<http://ccsc.cs.georgefox.edu/nw2012>

For more information contact the Panel and Tutorial Chair Li Tan (litan@trycity.wsu.edu)

EVERGREEN

THE EVERGREEN STATE COLLEGE
OLYMPIA, WASHINGTON

The campus is located in 1000 acres of temperate rainforest, 6 miles from downtown Olympia, Washington

STUDENT POSTER SUBMISSIONS

We invite undergraduate students to participate in a poster session and competition during the conference. Undergraduates, including those who complete their Bachelor's degrees in the prior spring, are requested to submit an abstract describing their research or significant project. The deadline for submission is **Sept. 30, 2012**, via e-mail to Shawn Bowers (bowers@gonzaga.edu), Student Posters Chair. A faculty advisor must sponsor each poster. A template will be available from the conference website.

•Conference Website:

www.ccsc.org/northwest

The CCSC-NW Conference is designed to promote quality computer science-related curricula as well as effective use of computing in institutions of higher education that are typically non-research in orientation.

Papers, tutorials, and panel discussions are solicited on all topics. Possibilities include, but are not limited to:

- cluster/cloud computing
- computer engineering
- computer science and software engineering
- computer science education issues
- courses for non-majors
- distance education
- emerging technologies
- ethics, legal, society and gender issues
- faculty development/support
- graphics/image processing
- information science
- information technology
- lab use of computers
- multimedia use and training
- networking
- software development
- student research

For any questions regarding the conference or to host a future CCSC-NW conference, contact the Conference Chairs:

Judy Cushing (judyc@evergreen.edu) and
Richard Weiss (weissr@evergreen.edu).
