\* For full committee see CCSC RM Website.

You are cordially invited to submit a paper, panel session tutorial or a workshop to the *Twenty-Seventh Annual CCSC Rocky Mountain Conference*.

**Reasons to attend**

- Network with colleagues from region colleges and universities.
- Get credit for a paper accepted by a double blind review.
- Expand your skills through the tutorials or workshops.
- Explore New Mexico the land of enchantment.

**About CCSC**

The Consortium for Computing Sciences in Colleges (CCSC) is a nonprofit organization focused on promoting quality computer-oriented curricula as well as effective use of computing in smaller institutions of higher learning, which are typically non-research in orientation.

**Submissions**

- Paper, panel, tutorial, and workshop contributions on the structure, delivery, support, and societal context of computing education. This year we also welcome submissions addressing Information Security and Cybersecurity Education.
- Formatting: <http://www.ccsc.org/publications/submission-guidelines/>
- Submissions are double blind refereed.

Accepted papers will be published in the Journal for Computing Sciences in Colleges and the ACM Digital Library.
