- ✓ Explore Denver, the Rocky Mountains and the state of Colorado.

About CCSC

The Consortium for Computing Sciences in Colleges (CCSC) is a nonprofit organization focused on promoting quality computer-oriented curricula as well as effective use of computing in smaller institutions of higher learning, which are typically non-research in orientation.

Submissions

- Paper, panel, tutorial, and workshop contributions on the structure, delivery, support, and societal context of computing education (CS, CIS, IT).
- This year we also welcome submissions addressing Information Security and Cybersecurity Education.
- Submissions are double-blind refereed.
- Accepted papers will be published in the Journal for Computing Sciences in Colleges and the ACM Digital Library.
