- ➢ Explore National Parks and other sites in and around Utah: The Crossroads of the West.

About CCSC

The Consortium for Computing Sciences in Colleges is a nonprofit organization focused on promoting quality computer-oriented curricula as well as effective use of computing in smaller institutions of higher learning, which are typically non-research in orientation.

Submissions

- ➢ Paper, panel, tutorial, and workshop contributions on the structure, delivery, support, and societal context of Computing Education. This year we also welcome submissions addressing Information Technology and Cybersecurity Education.
- ➢ Formatting:
  http://www.ccsc.org/publications/submission-guidelines/
- ➢ Submissions are double-blind refereed.
- ➢ Accepted papers will be published in the Journal for Computing Sciences in Colleges and the ACM Digital Library.
