

## Submission Dates and Deadlines

### Paper Submissions

November 11, 2019

### Panel, Tutorial and Workshop Submissions

November 11, 2019

### "Nifty" Assignments Submission

November 11, 2019

### Paper, Panel, Workshop and "Nifty" Assignment Acceptance Notification

January 5, 2020

### Final Camera Ready Copy Submission

January 13, 2020

### Lightning Talk Submission

March 6, 2020

### Student Paper and Poster Registration

March 6, 2020

## 26th CCSC-Central Plains Conference

St. Charles Community College  
Cottleville, MO 63376

## Call for Participation

26th CCSC  
Central Plains Conference

April 3rd and 4th, 2020

<http://www.ccsc.org/centralplains>

## General Information

### Conference Locale and Dates

The 26<sup>th</sup> annual Consortium for Computing Sciences in Colleges (CCSC) Central Plains Conference, in cooperation with ACM SIGCSE, will be held at St. Charles Community College in Cottleville, Missouri, April 3<sup>rd</sup>-4<sup>th</sup>, 2020. Interested parties should visit the conference website, or contact Conference Chairs, Dayu Wang (dwang@stchas.edu) and Deepika Jagmohan (djagmohan@stchas.edu).

### Conference Purpose

The CCSC Central Plains Conference promotes the exchange of information among high school, college and university educators concerned with computers and academia. The conference is intended for faculty and students in computer science, information systems, software engineering and other related disciplines, as well as administrators of academic computing facilities.

### K-12 & Two-Year College Educators

We specifically invite both groups to consider proposals for this year's conference. We particularly encourage submission of "Nifty Assignments", Lightning Talks, and Workshops. Come share a great idea that has motivated you to use or teach computing in your classroom with other K-12 teachers; inspire others to think imaginatively by sharing your own experience.

### K-12 & Two-Year College Proposals

K-12 and two-year college educators are encouraged to submit proposals on all topics relevant to computer science education. Information on submitting proposals in each category is provided below. Please indicate explicitly to which audience (K-12 or two-year college) your proposal is aimed.

**Deadline: March 6, 2020**

For questions related to two-year colleges, contact Nicole Nunn-Faron (nnunnfaron@stchas.edu).

For questions regarding K-12 proposals, please contact Scott Bell (sbell@nwmissouri.edu).

<http://www.ccsc.org/centralplains>

## Call for Participation

### Professional Papers

We invite professionals to submit paper proposals on academic computing topics. Proposals are peer-reviewed, and accepted papers will be presented at the conference and published in the Journal of CCSC and in the ACM Digital Library. Contact Scott Bell (sbell@nwmissouri.edu) for additional information.

**Deadline: November 11, 2019**

### Panels, Tutorials, and Workshops

We invite professionals to submit abstracts describing panels, tutorials, and workshops on academic computing topics believed to be of interest to attendees. Proposals are peer reviewed and those accepted will be presented at the conference and their abstracts published in the conference proceedings. Contact Mahmoud Yousef (yousef@ucmo.edu) for additional information.

**Deadline: November 11, 2019**

### Student Papers

The 2019 CCSC Central Plains Conference is accepting proposals for a student paper session dedicated to student scholarship. Selected students' papers will be presented in a traditional open session format and limited to 30 minutes. Student papers are neither peer-reviewed or published.

For more information, please contact Scott Sigman (ssigman@drury.edu).

**Deadline: March 6, 2020**

### CCSC 2020 Central Plains Conference Chairs

#### Dayu Wang

dwang@stchas.edu, 636 922 8561

#### Deepika Jagmohan

djagmohan@stchas.edu, 636 922 8568

<http://www.ccsc.org/centralplains>

## Call for Participation

### "Nifty" Assignments

We invite faculty to submit abstracts describing "Nifty" assignments they believe conference attendees might find useful. Proposals are peer-reviewed, and accepted proposals will be presented at the conference with their abstracts published in the conference proceedings. Contact Mahmoud Yousef (yousef@ucmo.edu) for additional information.

**Deadline: November 11, 2019**

### Lightning Talks

Faculty and students alike are invited to submit "Lightning Talks", 5-minute, fast paced, highly engaging presentations on any computing-related topic. Lightning Talks are not peer-reviewed or published. The conference committee considers all proposed topics (limited in number by allowed time slots). Send a title and short, four sentence abstract of your talk to Diana Linville (dianar@nwmissouri.edu).

**Deadline: March 6, 2020**

### Student Competitions

#### Student Programming Contest

Student teams from colleges are invited to participate in our annual programming contest. Winning teams will receive cash prizes. Student teams can visit the conference website for rules and registration procedures, or contact Chuck Riedesel (chuckr@unl.edu) for specific contest information. Prizes will be awarded for winning teams.

**Deadline: March 6, 2020**

#### Student Poster Contest

We invite students to submit abstracts on any computing topic for a poster contest to be held at the conference. Interested students can visit the conference website for details and registration procedures. Prizes will be awarded for winning posters. Contact Joseph Kendall-Morwick (jkendallmorwick@missouriwestern.edu) for specific information.

**Deadline: March 6, 2020.**
