You are cordially invited to submit pedagogy papers, research papers, poster presentations, workshops, and tutorials contributions to the

Thirty-Fifth Annual CCSC Rocky Mountain Conference.

Reasons to attend

- Share your innovative research and successful stories and experiences on computing education with colleagues.
- Network with colleagues from regional colleges and universities.
- Expand your skills through tutorials or workshops.
- Explore National Parks and other sites in and around Denver and the state of Colorado.
- All submissions are double-blind reviewed.

About CCSC

The Consortium for Computing Sciences in Colleges is a nonprofit organization focused on promoting quality computer-oriented curricula as well as effective use of computing in smaller institutions of higher learning, which are typically non-research in orientation.

Submissions

- Paper, panel, tutorial, and workshop contributions on the structure, delivery, support, and societal context of Computing Education. We also welcome submissions addressing Information Technology and Cybersecurity Education as well.
- Formatting: <https://ccsc-journal.github.io/ccsc-editor/>
- Submissions are double-blind referred.
- Accepted papers will be published in the Journal for Computing Sciences in Colleges and the ACM Digital Library.
- Rejected papers will be offered to participate as a poster submission.
